PROJECT

Online Exam Portal

Online Exam Portal Project(Admin/User Roles) Developed a dynamic Online Exam Portal with distinct Admin and User roles. Admin enjoy streamlined management , while users experience seamless exam registration and result retrieval. Implemented robust security measures, responsive design, and efficient database management. Excited to apply these skills to future projects

SOFT SKILLS

- **Team Collaboration:** Being a strong team player means working well with different groups of people, smoothly blending into various teams, and adding value to how the team works together.
- **Interpersonal Skills:** This involves being able to form good relationships with both coworkers and clients, making interactions positive and productive.
- **Positive Attitude:** Maintaining an optimistic and constructive mindset, even when faced with difficulties or challenges.
- **Initiative:** Showing a proactive attitude by taking the lead in identifying and implementing improvements without waiting to be told what to do.
