PROFESSIONAL EXPERIENCE

Banyan Technosoft

React Developer
Puducherry, India

Frontend Developer Experienced in building responsive, user-centric web applications using **React.js**, **JavaScript**, **HTML**, and **CSS**. Skilled in writing clean, maintainable code and translating complex UI/UX designs into interactive, functional interfaces. A collaborative team player who continuously seeks to optimize performance and enhance user experience.

Key Highlights:

- Developed and maintained scalable web applications using **React.js** and **Redux**, ensuring high performance and maintainability.
- Transformed UI/UX designs from **Figma** and **Adobe XD** into pixel-perfect, responsive layouts across devices and browsers.
- Integrated **RESTful APIs** to enable seamless communication between frontend and backend systems.
- Enhanced application performance through **lazy loading**, **code splitting**, and **memoization** techniques.
- Collaborated with designers, developers, and QA teams in **Agile/Scrum** environments to deliver high-quality features on schedule.
- Utilized **Git** for version control and participated actively in **code reviews** to uphold coding standards and team knowledge sharing.
